

FRENCH CAPTURE VOSGES POSITION

Establish Themselves On
Mountain Peak North-
west of Muelhausen

FIGHT HAS BEEN BITTER

Carpathians Are Still the Scene
of the Most Violent Battles
on the Eastern Front

FLY OVER GERMAN LINES

LONDON, Mar. 27.—(10:35 p. m.)—While there has been some fighting along the east Prussian frontier and in Bukovina, the mountains of both the east and the west are the scenes of the most important engagements at present. In the Vosges the French, after a long fight in which the position changed hands more than once, have finally established themselves on the summit of Hartmanns-Weilerkopf, a mountain peak fifteen miles northwest of Muelhausen and a few miles north of Thann. This is considered an important success, as it gives the French command of a considerable amount of country occupied by the Germans. The fight for the position has been a bitter one and has been going on for many days.

Russ Attacking Night and Day.
In the east the Carpathians are still the scene of the most violent battles, the Russians attacking night and day. In their last official communication they claim to be advancing successfully on the Barfild-Uzok front, in spite of the fact that the Austrians have been strongly reinforced. Tonight, however, the Austrian official announcement says that the Russian attack has miscarried and that the Russians have suffered heavy losses. The Austrians also claim to have repelled the Russian offensive in Bukovina and to have forced their opponents back to the frontier.

The struggle here has been carried on under the most terrible weather conditions, the men having to haul the guns and carry off their charges through deep snow.

Not Ready For Big Effort.
On the western front, beyond the French success in the Vosges, where the Germans abandoned a large quantity of material and left numerous dead on the ground, there have been no events of importance, neither side apparently being ready as yet for the big effort which everybody has been expecting.

There have been the usual bombardments of the position and mine warfare and the aviators on both sides have shown much activity.

Each day allied airmen fly over the German lines in Belgium and France, gathering information. They vary this duty by dropping bombs on railway junctions and doing as much damage as they can to military works.

Zeppelin Flies Westward.
A Zeppelin this afternoon passed over the island of Schiermonnik-oog north of Holland flying in a westerly direction and an attack on some English town was expected but if such were her intention her arrival along the English coast has not been reported so far. The official returns for the past week of the effects of the German submarine blockade of England, show that three vessels were sunk and one was torpedoed but reached port while the total sailings and arrivals numbered 1,450 vessels.

Holland's request for an explanation from Germany of the sinking of the Medea and the capture of two other Dutch steamers is creating a lot of interest in diplomatic circles, where it is pointed out that the vessels of other neutral countries have not been molested.

Diplomacy continues its activity in Italy and the Balkans the latest report being that Germany is making an offer of part of Turkish European territory to Bulgaria in return for Bulgaria's continued neutrality.

HOPPE WINS MATCH.
Philadelphia, Mar. 27.—Willie Hoppe, the professional champion, tonight won a handicap 18.2 billiard match from Joseph Mayer, the amateur champion, the former scoring 2,000 points in the five blocks played to Mayers' 1,394. EFFORTS TO OBTAIN OFFICIAL INFORMATION FROM PERSIA FAIL

State Department is Bombarded
With Messages from Relatives and
Friends of Americans Believed to
Have Been in Disturbed Region.

Washington, March 27.—Efforts to obtain official information concerning reported outrages against Americans and refugees in missions in Urumiah and Gulpashan, Persia, were continued today without satisfactory results. The state department was bombarded with messages from relatives and friends of Americans believed to have been in the disturbed region. Secretary Bryan received word from Ambassador Morgenthau at Constantinople that the Turkish grand vizier had issued orders to his subordinates that all Christians in the danger section be protected and that uprisings be put down.

The department was without official information regarding the reports that British and American consuls at Tauris, Persia, had petitioned the Russian government to send Russian troops from Tiflis to allay the uprising. While it is believed that Russian troops could most expeditiously reach the Urumiah district, it is regarded as unlikely that any will be sent now that the Turkish government has agreed to look after the safety of foreigners there.

EXPECT NOTE TO BE PRESENTED TO ENGLAND AND FRANCE MONDAY

State Department Officials Give no
Intimation of Character of Com-
munication on Commerce Em-
bargo.

Washington, March 27.—While officials said late today the reply of the United States to Great Britain and France on their recently proclaimed embargo on commerce between Germany and neutral countries had not been given the general impression was that the contents of the note remains a secret. It is known that the United States government takes issue with the virtual blockade of Germany by Great Britain and France on the ground that there is no precedent in law for the action.

No intimation of the character of the communication has been given by state department officials. It had been in President Wilson's hands for the last few days and may be despatched without being considered again at the state department. Although the contents of the note remains a secret it is known that the United States government takes issue with the virtual blockade of Germany by Great Britain and France on the ground that there is no precedent in law for the action.

STATES THERE IS NO CAUSE FOR ALARM BECAUSE OF EPIDEMIC

"After a careful survey of the situation today by the state board of health, the opinion is expressed that there is no cause for alarm on the part of the parents of students at the state university.

"The local health authorities and the university authorities have the situation well in hand and there is no necessity of any additional security to be obtained by calling the students to their homes.

"The city, university and state officials are co-operating to the end that not only the student body and residents of Champaign and Urbana are afforded every protection, but also that the traveling public shall not be endangered."

STEAMER VOSGES IS SUNK BY SHELL FIRE OFF CORNISH COAST

LIVERPOOL, March 28.—(2:20 a. m.)—The Steamer Vosges was sunk by shell fire Saturday evening off the Cornish coast. The chief engineer was killed and three of the crew were badly injured by shrapnel. The steamer's crew of thirty was brought to New Quay by a patrol boat.

No word has been received to indicate the nature of the vessel attacking the Vosges, nor of the nationality of the steamer, there being a British and a French ship listed in the marine records under this name. These facts may have been eliminated by the British censor.

ATTACK FROM SOUTH SURPRISES VILLA ARMY

CAUSES FORCES TO CEASE THEIR
ASSAULT UPON MATAMOROS

Two Persons in Brownsville are
Wounded by Stray Bullets—Ar-
tillery is not Brought Into Ac-
tion but is Expected to be Ready
Today.

BROWNVILLE, Tex., March 28.—At 1:30 a. m., an official message from military headquarters stated General Hildenson Vasquez had started a night attack on Villa troops six miles south of Matamoros. No night attack up to this hour had been made on Matamoros.

Brownville, Tex., March 27.—An unexpected attack from the south late today caused Villa forces to cease their attack upon Matamoros, opposite here garrisoned by Carranza troops, but in the meantime stray shots had crossed the border and wounded two persons in Brownsville. Neither was injured seriously.

Shots Fall in Residence Section.
The persons injured were struck by shots falling in the residence section here. They were Mrs. Luciano Hinojosa, wounded in the arm and Jose M. Lopez, wounded in the arm. Numerous other bullets were said to have fallen in Brownsville.

The attack from the south, which continued tonight apparently threatened to flank the right of the attacking force. It came late today after Villa troops had made four ineffectual assaults upon Matamoros breastworks and then had been driven back a thousand yards according to the Carranza defenders. The attacking force from the south was said to be led by General Vasquez, whose departure from Matamoros several days ago at the head of a body of troops caused rumors of dissension between him and General E. P. Nafarrete, commanding at Matamoros.

No artillery was brought into action today in the fighting at Matamoros the forces limiting themselves to rifles and machine guns. Carranza authorities at Matamoros said their only casualties were eight wounded.

Loss Four Hundred.
The Villa forces lost in killed and wounded about 400 men, according to a Villa officer tonight. Four Villa officers were brought to the American side five miles east of here suffering from wounds. A colonel among them was expected to die. Both sides tonight were expecting reinforcements. A Villa officer today told an Associated Press correspondent their artillery had not yet arrived and would be in readiness tomorrow and that additional troops were coming.

United States military officers today arrested twelve men in Brownsville, charged with shooting on the constitutionalists from the American side. They are alleged to have killed or wounded four men.

The Transport Oaxaca was reported tonight still at the mouth of the Rio Grande with 1,500 troops to reinforce the Matamoros defenders. It was said no suitable landing could be found. The transport came from Vera Cruz, according to an American aboard who was allowed to land on this side.

War News Summarized

Comparative calm in the west and heavy fighting in the eastern war zone characterize the European campaign. The Carpathians are again to the fore as the scene of the most desperate struggle, for along the chain of mountains both Russians and Austrians have brought up large reinforcements and are engaged in a battle upon the decisive turn of which much depends. The Russian war office takes occasion to deny categorically the destruction of other villages in Galicia.

The Russians claim to have made progress in the Carpathians which, as usual, differs from the claim set up by the Austrians, who declare that the Russian attack has miscarried with heavy losses.

In the Vosges the French success in capturing the heights of Hartmanns-Weilerkopf, near Muelhausen, is admitted by the Germans. This strategic position has been the object for which the opposing forces have been fighting desperately for several days, as it dominates the surrounding country.

Great interest centers in the possible entry of Italy into the war. The action of Roumania and Bulgaria is to some extent dependent upon that of Italy and Rome despatches report that the Italian government has completed all measures preparatory to hostilities.

ORDER BATTLESHIP ALABAMA OUT ON "NEUTRALITY DUTY"

Secretary Daniels States it is Intend-
ed to Place One Large Vessel on
Guard in Hampton Roads to Sup-
port Smaller Craft.

Washington, March 27.—The battleship Alabama of the reserve fleet, was ordered to Hampton Roads tonight on "neutrality duty" according to an announcement from the navy department. The battleship is at the Philadelphia yard. Secretary Daniels said it was intended to place one large vessel on guard to support the submarines and destroyers which have been on duty since the German commerce destroyer Prinz Eitel Friedrich reached Newport News. Heavy ships had been employed in neutrality duty at Boston and New York, the secretary said and it was thought best to take similar precautions at Hampton Roads as the smaller vessels would be handicapped in the event of heavy weather.

The Alabama is the flagship of Rear-Admiral James M. Helm, commander-in-chief of the Atlantic reserve fleet. Secretary Daniels said Admiral Helm would decide for himself whether or not to accompany his ship. Navy officials said the Alabama probably would not be able to get away until some time tomorrow (Sunday), as it would be necessary not only to round up the members of her crew who had been given shore liberty but also to take on stores. If the ship needs coal, it was said, she might not be able to leave for Hampton Roads before Monday morning. The fact that orders were sent to the Alabama's commander at a very late hour tonight, however, indicated that there was some urgency in the matter not explained by Secretary Daniels.

DESPERADOES ELUDE SIX MOUNTED POSSES

FIVE OKLAHOMA BANK ROBBERS ARE
HEADED FOR MOUNTAINS

Band of Seven Loot Two Banks of
\$5,000—Two are Taken by Offi-
cers—Leader of Band Admits he
is Henry Starr, Notorious Chero-
kee Bandit.

Okla. City, Okla., March 27.—Members of the band of desperadoes who escaped from Stroud early today after robbing two national banks of \$5,000 eluded half a dozen mounted posses and late tonight were believed to be riding safely toward the fastness of the Kiamichi mountains with their spoil. Last reports said the men were headed in the general direction of Keeleyville, northeast of Chandler, with the posses thirty miles behind.

Five men were in the party which escaped after the robberies, it was learned from eye-witnesses tonight while two of the band, Henry Starr, notorious Cherokee desperado, and a man named Estes, were wounded and captured. First reports said the band numbered eleven men.

Starr and Estes are in jail at Chandler.

Company B, National Guard of Oklahoma was mustered to arms at Chandler late today and joined the posses in search of the bandits.

Marshall's Son is Hero.

Paul Curry, 18 years old, is the hero of the raid, for it was the town marshal's young son who wounded and helped capture the leader of the raiders, when the band rushed from the banks and attempted to mount their horses and escape from the gathering citizens. Less than an hour after the robbers fled from Stroud under a hot fire they were surrounded by a determined posse, telephone calls brought scores of armed ranchers in automobiles, on horseback and on foot to the scene.

Starr Admits Identity.

Chandler, Okla., March 27.—Henry Starr, notorious desperado of the Cherokee Indian country, wounded and in jail, admitted his identity tonight to officers here who said the man took his capture philosophically. Starr was brought here late today after his capture at Stroud, where a band of men robbed two banks and engaged in a fight with citizens of the place. Another member of the band, also wounded, who gave his name as Lewis Estes, was taken with Starr.

"We went to the banks to get money and we got it," Starr is quoted as saying. "We have no one to blame but ourselves. There are five good men left in the crowd."

Reports at 10 o'clock tonight from three posses scouring the country for the remaining raiders reported no traces of the men.

DENIES REPORT THAT LADY PAGET HAS DIED OF FEVER IN SERBIA

WASHINGTON, March 27.—The British embassy here received a message from the foreign office in London today denying the report that Lady Paget had died at Uskub, Serbia, where she was serving with a red cross hospital unit.

"No truth whatever in the report," the message said. "Latest news from her was good."

Inquiries from Lady Paget's friends in this country prompted embassy officials to cable the foreign office as to the truth of the report of her death which came from Berlin the message quoting a Serbian newspaper item as its authority. It was stated her death was due to spotted typhus fever. Lady Paget is the wife of her cousin, Sir Ralph Paget, third assistant secretary in the British foreign office.

FRUIT STEAMER COLLIDES WITH TWO SHIPS; ONE GOES TO BOTTOM

Crew of Sunken Steamer are Taken
Aboard Heredia—Confusion of
Signals in Dense Fog is Believed
to Have Caused Accident.

New Orleans, La., March 27.—The United Fruit Steamer Heredia collided with the Leyland Liner Parisian aground off the bar at the entrance of the Mississippi river late today, then ran into and sank the Steamer Theodore Weems. There was no loss of life. There was a heavy fog at the time.

Among the Heredia's 36 passengers was Major General Leonard Wood, U. S. A., enroute to Panama on an inspection tour. It was not known here what injuries the Heredia suffered but it was learned she was returning to New Orleans tonight for an examination before continuing her trip. The Heredia had sailed at noon.

The extent of the Parisian's injuries are not yet known. She ran ashore last Thursday. Aboard the liner are 1,120 miles for the British government at Calcutta. The Theodore Weems, 650 tons, was inbound from Tampa. Her crew of twenty men was taken aboard the Heredia. It was believed confusion of signals during the dense fog which enveloped the lower river was responsible for the accident. After striking the Parisian the Heredia in attempting to clear the stranded steamer ran into the Weems and cut her in two.

CONTINUE EFFORTS TO RAISE THE F-4

Streams of Bubbles Indi-
cate Submarine is Rap-
idly Filling With Water

HAVE MANY MISHAPS

Dredger Lifts Diver Fifty Feet
When Chain Slips and Vessel
Plunges Back to Bottom

RESCUERS WORK FEVERISHLY

HONOLULU, T. H., March 27.—

Streams of bubbles continuing to come to the surface of the ocean, indicating that the submarine F-4 rapidly was filling with water, caused naval officers late today to decide to continue throughout the night the work of trying to raise the sunken craft. Brilliant moonlight assisted the operations.

Mrs. Ede, wife of Lieut. Alfred Louis Ede, commander of the F-4, is prostrated.

Crowds Line Water Front.

Crowds continued early tonight to line the water front, among them weeping relatives of the ill-fated crew.

Business in Honolulu has been conducted at about half its normal capacity since word first came that the F-4 was in distress. All army social affairs have been cancelled and the work of the rescue vessels is closely followed by the entire population.

When work was resumed after it had been decided to continue through the night, the first heavy loop of chain cast from the dredger California caught the hull of the submarine but a moment later slipped off. On being hauled for a new cast the chain was flaked with gray navy paint. The second and third casts proved fruitless, but workers again began the work of maneuvering the heavy dredge about the bouyea spot beneath which lies the helpless craft. It requires an hour to complete this circle. The tackle with which the rescue ships are equipped is said to be hardly adequate for emergency work of this kind.

Need Deep Water Diving Suits.
Need of diving suits for deep water was apparent, officers asserted, and the big dredger they pointed out was so unwieldy that much difficulty was being experienced in manipulating the cable cradle with which it is hoped to secure a firm grip on the submarine.

Chain Loop Slips.
Hope that the ill-fated submarine F-4 would be raised before nightfall faded this afternoon when a chain loop attached to the disabled craft slipped and the F-4 settled back again on the bed of the ocean. The most optimistic of the naval officers here conceded tonight that there was no reasonable chance of any of the submarine's crew of 21 men being taken out alive.

A powerful dredger, California from Pearl Harbor Naval station, had lifted the F-4 fifty feet before the mishap occurred which plunged the vessel back into the lips of the submarine crater in which it is believed to have lodged.

Immediately, however, fresh efforts were begun to secure another grip on the hull. Owing to the great depth—50 fathoms—of submarine's resting place and the peculiar formation of the ocean's floor at that point outside of Honolulu's harbor the task of passing chains under the vessel is extremely difficult. Divers cannot work effectively at that depth and the casting about for a hold is necessarily more or less haphazard. The Alert, mother ship of submarine flotilla here, is lending all possible aid to the dredger.

Work With Feverish Haste.
As soon as the F-4 is elevated to a point where divers can operate, lifting chains will be made fast to the hull's bow and stern and then it will be comparatively easy for the dredger to bring the submarine to the surface. The rescuers worked with feverish haste today. There were numerous heartbreaking mishaps. Once a cable, groaning with the dead weight of the bulk suddenly sagged, releasing its hold on the F-4. Later, just after a chain had been successfully passed under the vessel it slipped off the smooth plates. The disappointment of the workers reached its climax when the bulk after having been raised full fifty feet again shook off the chain and sank. The submarine had then been under water more than 34 hours.

Air bubbles rising to the surface today were taken to indicate that at least one of the F-4's three compartments had burst. It is believed that the bodies of most of the crew will be found in the forward compartment the smallest and strongest of the three.

The issuance of a call for a ward primary to nominate a board of education candidate has brought up the interesting question as to whether or not women have the right to vote in this primary. Strictly speaking women are not yet classified by party lines, since the number of officers for whom they can vote is limited. But then the question arises, if women are expected to vote for candidates, haven't they the legal right to take part in any conference where the candidates are named?

Gov. Dunne Changes Rapidly.

The Chicago papers have dubbed Gov. Dunne the "champion flopper" because of his attitude along certain lines in Chicago politics. He was one of the triple alliance that opposed Roger Sullivan last fall in his senatorial campaign. Then he supported Mayor Harrison for re-nomination as against Robert M. Sweitzer, and now the governor is ready with support for Mr. Sweitzer. It is understood that the governor will go to Chicago next Tuesday and make a series of speeches under the auspices of the Sweitzer campaign committee. The fact that the governor opposed the nomination of Sullivan for the senatorship and after Sullivan had won in the primary, made speeches in his behalf does not seem to have given him any high place in the Sullivan ranks. Altogether the governor's course has been so wobbly as to be at least politically undignified.

Tuesday is Registration Day.

Attention is again called to the matter of registration. The polling places will be open next Tuesday, and every man and woman who expects to take any part in the election April 29 should see to this matter of registration. Women are required to register in the same manner as men, and in registering a woman should state her Christian name instead of giving the first name of her husband. The exercise of the right of franchise is a duty of citizenship, and every voter should register next Tuesday. It is not necessary to go to the polls in person, but someone may be deputized to attend to this matter for you. If your name is not placed on the poll books Tuesday it will be necessary for you to go to the polls in person on the next registration day, or to be sworn in on election day.

Qualifications of Women Voters.

There are continually coming up questions with reference to the qualifications of women voters, as there are a good many people who are still not familiar with provisions of the Woman's Suffrage Act of 1913. Attorney General Lucey has made the following suggestion with reference to the qualification of women voters:

"To be a qualified voter, a woman must be a citizen of the United States, above twenty-one years of age, must have resided in the state one year, in the county ninety days, and thirty days in the election district in which she desires to vote."

"Foreign born women, who are otherwise qualified and who have married natural born or naturalized citizens of the United States, become citizens for voting purposes."

"Foreign born women whose parents become naturalized after they have reached their majority are not

citizens of the United States.

"Foreign born women whose parents have become naturalized before such women reach their majority are citizens of the United States."

"A woman born in the United States of foreign parents, regardless of whether either of her parents were naturalized, is a citizen."

"A woman citizen of the United States who marries an alien thereby forfeits her citizenship."

Good Roads Law Amendment.

It now seems pretty certain that the Tice good roads bill will be amended somewhat at the present session of the legislature. Mr. Tice himself has offered one amendment and a second one has been suggested by Representative Donohue with still a third by Representative Jas. E. Davis. The Davis amendment changes three sections of the original act and aims to provide that it shall be discretionary with each county if they deem it undesirable to use the money provided for by law in building hard roads, to use the funds in building permanent bridges, culverts, or by draining, oiling or otherwise improving the dirt roads. With these changes the law would still leave the state highway commission in general charge of the state roads, but gives considerable more local authority.

Mr. Tice's amendment is not so comprehensive as the one quoted above, as he considers that one of the strong points of the original law was the fact that the less authority was vested in local officers. One of the greatest delinquencies to good roads in the past has admittedly been because officials proceeded in such differing ways in making improvements. The need of some general plan of betterment was acknowledged.

However, there seems to be a growing demand throughout the state for amendment of some character that will permit local authorities to take action which will provide better roads more speedily than is possible under the original law. It is recognized that hard roads, because of the expense attached, will be a long time in realization, and that therefore it is advisable to have a law include some other possible plan.

Women May Vote for Road Officers.

Road district elections will be held on Tuesday, April 6, throughout the county, and in some districts now an active campaign is in progress. A good many inquiries as to whether or not women are entitled to vote for road district officials. Mr. Boruff is advising all commissioners that in his opinion women have the right to vote. This opinion is on record with the Woman's Suffrage Act of 1913, which says in paragraph 2: "All such women may also vote for the following township officers: supervisors, town clerks, assessors, collectors and highway commissioners, and may also participate in all annual and special town meetings in the township in which such election district shall be."

Mr. Boruff's opinion is also based on a statement made sometime since by Attorney General Lucey in which the attorney general outlined a list of officers for which women may not vote, and road district officials were not included in the list. In this opinion Mr. Lucey had the following to say: "Stated as a general principle of law, women may not vote for any candidate for office or upon any proposition which is created by the constitution or which is not referred to in the Woman's Suffrage Act."

"Therefore, it has been the holding of this department that women may not vote for the following officers:

"United States senator, congressman, governor, lieutenant governor, state senator, member of house of representatives, secretary of state, auditor of public accounts, state treasurer, state superintendent of public instruction, attorney general, clerk of the supreme court, county judge, county clerk, state's attorney, county commissioners, in counties not under township organization, is probate sheriff, circuit judge, clerk of circuit court, county recorder, county treasurer, probate judge, clerk of the probate court, judges and clerks of the superior court of Cook county, judges and clerks of the criminal court, judges of the supreme court, constables, justices of the peace, police magistrates, county auditor, county superintendent of schools."

Favors Mr. Russel for Governor.

The Rochester Item is out with a strong editorial advocacy the nomination of Andrew Russel for the Republican candidate for governor in 1916. The Item's line of argument is in part as follows:

"Already several names have been mentioned in the Republican ranks for the first office in the state, and among those that of Hon. Andrew Russel, the present state treasurer, stands out in bold relief, as regards both fitness and availability. Among the leaders of that party retired in 1912, Mr. Russel, who outran all other state candidates in that campaign, may be said to have been the last to quit the ramparts of his party, as he is the first of the old guard to return. His strength in an election campaign was revealed by his recent majority of nearly 50,000 in an off year and under the handicap of an adverse state administration. His ability and fitness are evidenced by the spotless record he has made in public office and by his unassailable standard of citizenship. His nomination would be a departure from the customary lawyer-politician school of candidate to a representative of the business world."

"He is right on every public question and he indulges in no heroics over doing right and supporting right measures. In all his state-wide campaigns his honesty of purpose has never been questioned, and no accusation has ever been breathed against him."

CHARGE THAT MARY HOBAN IS WRONGFULLY HELD IN RESTRAINT

Effort is Being Made to Have Jacksonville Young Woman Dismissed From Insane Hospital—Charge That She was Placed There With Design to get Rid of Her.

A despatch from Peoria yesterday stated that the State's Attorney of Peoria county had secured a writ of habeas corpus for Mary Hoban, returnable April 10 in the court there. In the application for the writ it was alleged that Mary Hoban was being confined in the Bartonville insane asylum contrary to law. It was alleged that she had been committed to Jacksonville state hospital on November 23, 1912, and three months later transferred to Bartonville.

The charge was made that the commitment here was secured by fraud through the influence of Dr. F. A. Norris. The petition went on to say that the woman had formerly worked at a hotel in Jacksonville, and that she became engaged to Dr. Norris and went so far as to purchase her wedding dress. It was alleged also that while employed at the hotel Mary Hoban had continually been teased and made the victim of practical jokes by Dr. Norris, Frank "Lex" and other young men.

Commenting on the matter last night Dr. Norris said, "There is absolutely no truth in the charges made in the application for the writ. I have known Mary Hoban for years, having seen her at one of the hospitals and at the Pacific hotel here and I was familiar too with the fact that she was of unsound mind. Never even in a joking way did I say anything to her which could form the basis for the hallucination which seems to have possessed her mind. The states attorney of Peoria county has evidently not looked into the facts for there are many people here who know the whole story and are aware that it was only after Miss Hoban's actions indicated that she was dangerously insane that steps were taken at my request, to have her placed in restraint."

Dr. J. W. Hairgrove in reference to the charge said last night that at the request of Dr. Norris he did make application to the county court in November, 1912, to have Miss Hoban adjudged insane. He said that the hearing was held with the usual legal formalities and that she had subsequently been adjudged insane and committed to the state hospital here. Later she was transferred with a number of other patients to the Bartonville hospital. Dr. Hairgrove said that Miss Hoban was employed at one time at one of the hospitals, where her erratic actions were such that it was necessary to dismiss her.

Subsequently she was employed at the Pacific hotel and while there had the hallucination that she had received a marriage proposal. Dr. Hairgrove said that subsequently she gave evidence of a dangerous type of insanity and that Dr. Norris, acting on the advice of the Morgan county sheriff, had brought it about that insanity proceedings should be instituted. Further, Dr. Hairgrove stated that Dr. Norris was in no way to blame in the matter, and that it was simply one of those unfortunate occurrences which resulted from a certain type of insanity. At Jacksonville state hospital the authorities stated that there was no doubt of Miss Hoban's insanity, and Dr. Edward Rowe last night said that he had knowledge of the case and that Miss Hoban was undoubtedly of unsound mind and that the finding at the inquiry which ordered her committed to the hospital was justified by the facts in the case.

MORTUARY

John Robinson died at 9:30 o'clock Saturday forenoon at Passavant hospital where he had been a patient for the past three months. His death was due to the grippe and heart affection. John Robinson was born in Central, Ohio, in 1832 and at the time of his death he was 83 years old. He came to Illinois in 1871 and purchased 40 acres of land a few miles east of Literberry and since that time he has lived a hermit life. He had no associates and it is said that he was seldom seen by those residing in the vicinity of his one room shack, which stood away off from the roads and traveled highways. Last December his condition was observed and it was deemed advisable to have someone to look after his welfare and William Ward, a resident of the vicinity of Sinclair for whom the deceased at one time worked, was appointed by the county judge his conservator. Mr. Robinson is survived by two brothers, Levi of McConnellsville, O., and William of Kansas.

The remains were taken to Gillhams undertaking parlors where they will be cared for pending instructions from the conservator, Mr. Ward for their disposition.

Moody.

S. A. Fairbank has received word of the recent death at Salem, Oregon of Mrs. Mary Moody, wife of ex-Governor Z. F. Moody of Oregon and formerly of this county where both once resided.

Mrs. Moody attended a bible study in the afternoon and arrived home in apparently good health and the best of spirits. She was taken suddenly with a congestive chill and in spite of all medical aid could do for her she was dead in a few hours.

She was born in Lebanon, Ind., April 18, 1836 and when quite young crossed the plains with her parents. She was married in 1853 and soon after they moved to this county where they lived a number of years finally returning to the Pacific coast. Her husband was chosen governor in 1882 and served with distinction. She is survived by four sons, all of Oregon. One daughter is dead.

Shelburn.

Joshua W. Shelburn, 429 South East street, died Saturday afternoon at 4:40 o'clock after twelve months of illness. Deceased was ranked among Jacksonville's most useful and respected citizens and his passing will be noted with regret by many friends and associates. He was a contracting painter by occupation and was in business at 207 East Morgan street.

Joshua W. Shelburn was born in Macoupin county June 1, 1871, the son of August and Eliza Shelburn. He was married July 21, 1899, in Kansas City, Kan., to Miss Rosa May Hukill, and his wife with two children, William and Edgar, survive him. He leaves also his father, August Shelburn and one brother, Ralph, of 953 East College avenue. One child, Ralph Shelburn, preceded the father in death and the mother of the deceased, Mrs. Eliza Shelburn, passed away last July.

The funeral will be held Tuesday afternoon at 2:30 o'clock from the residence on South East street and interment will be made in Jacksonville cemetery. The Rev. G. W. Flagg, pastor of Centenary M. E. church, will be in charge.

Quintal.

Frank Quintal, long a resident of Naples, died there at two o'clock Saturday morning. The deceased was born Jan. 4, 1836, being 78 years of age and is survived by his wife, three daughters and one son. The daughters are Mrs. Anna Dreser, Mrs. F. C. Griffith and Mrs. William Whalin of this city, and the son is Charles Quintal of Naples. The deceased was born in the Island of Madeira and came, with his mother, to Naples in 1849 and learned the harness trade in Jacksonville when a young man. His father, who died at a comparatively recent date, was 102 years of age at that time. Mr. Quintal was a member of the Methodist church at Naples and he had been in the harness and saddlery business in that town for a half century. He was successful in business and with passing years had accumulated large property interests.

The funeral services will be Monday afternoon at 2 o'clock at the M. E. church in Naples, in charge of Rev. R. V. Willis. Interment will be made in the Naples cemetery.

Robertson.

Miss Geneva Robertson, daughter of Mr. and Mrs. Walter W. Robertson, south of Prentice, died Saturday evening at Passavant hospital at 9:40 o'clock after an illness of two weeks. She was ten years of age and had spent her life in the Berea neighborhood. The cause of her death was appendicitis. She was a member of Berea Christian church.

The remains were taken to the Reynolds undertaking parlors and were afterwards removed to the family home. Deceased is survived by her parents and by one brother, Frank Robertson.

Funeral arrangements will be announced later.

Lynn.

W. J. Lynn, a retired farmer, died at his home in Ashland Friday morning. He is survived by four sons and one daughter, Mrs. F. E. Koyle, of Springfield.

HIGH SCHOOL QUESTION INTERESTS WAVERLY

There is a great deal of interest in Waverly just at present over the township high school proposition and election to be held next Tuesday. The indications seem to be

that the proposition will carry although it is said that a large number of farmers who live in remote parts of the proposed district are opposed to the plan because of the increase in taxation which will result. If the plan carries, a new high school will probably be erected in Waverly and the present high school there devoted to other purposes.

A Message To Women

Those of Middle Age Especially.

When you have found no remedy for the horrors that oppress you during change of life, when through the long hours of the day it seems as though your back would break, when your head aches constantly, you are nervous, depressed and suffer from those dreadful bearing down pains, don't forget that Lydia E. Pinkham's Vegetable Compound is the safest and surest remedy, and has carried hundreds of women safely through this critical period.

Read what these three women say:

From Mrs. Hornung, Buffalo, N. Y.

BUFFALO, N. Y.—"I am writing to let you know how much your medicine has done for me. I failed terribly during the last winter and summer and every one remarked about my appearance. I suffered from a female trouble and always had pains in my back, no appetite and at times was very weak."

"I was visiting at a friend's house one day and she thought I needed Lydia E. Pinkham's Vegetable Compound. I took it and have gained eight pounds, have a good appetite and am feeling better every day. Everybody is asking me what I am doing and I recommend Lydia E. Pinkham's Vegetable Compound. You may publish this letter if you wish and I hope others who have the same complaint will see it and get health from your medicine as I did."—Mrs. A. HORNUNG, 91 Stanton St., Buffalo, N. Y.

Made Me Well and Strong.

MACEDON, N. Y.—"I was all run down and very thin in flesh, nervous, no appetite, could not sleep and was weak, and felt badly all the time. The doctors said I had poor blood and what I had was turning to water. I took different medicines which did not help me, but Lydia E. Pinkham's Vegetable Compound made me well and strong, and I am recommending it to my friends."—Mrs. FRED CHACE, R. No. 2, Macedon, N. Y.

The Change of Life.

BELTSVILLE, MD.—"By the use of Lydia E. Pinkham's Vegetable Compound I have successfully passed through a most trying time, the Change of Life. I suffered with a weakness, and had to stay in bed three days at a time. Lydia E. Pinkham's Vegetable Compound restored me to perfect health, and I am praising it for the benefit of other women who suffer as I did."—Mrs. W. S. DUVALL, Route No. 1, Beltsville, Md.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

ORGANIZED LABOR TO SPAR WITH BUSINESS

LETTERS SENT OUT TO CONSTITUENTS FOR MEETING THIS WEEK.

Great Mass of Bills Presented Before Legislature Said to Be of Vital Interest to Labor Unions and Members of Manufacturers Association—Battle Will Be on in Earnest This Week.

Springfield, Ill., Mar. 27.—The struggle between organized labor and business interests of the state will take concrete form next week, when a meeting of representatives of business concerns throughout the state will be held in Springfield, to voice a united protest against further legislation inimical to their business.

The call for the meeting has been issued by the legislative committee of the Illinois Manufacturers Association, consisting of Edward C. Westman, C. P. Gardner and T. E. O'Brien. Copies have been sent to commercial organizations throughout the state. Following is the text of the communication:

"Business cannot withstand another onslaught by the lawmakers. Profits have been legislated out of existence and thousands of men are out of employment."

"The fires in many plants are out and others are dimmed by operating partial capacity."

"Now is the time to pull together and urge upon the legislature that another attack on business means stagnation."

"Will your firm be represented at Springfield March 30 and 31 for the purpose of using your influence to bring about a 'let-up'?"

"If so, fill out the enclosed card and mail it at once."

"Over five hundred bills have been introduced in the house and senate in the past three weeks and almost fifty percent of the subjects covered have to do with regulating the business of the manufacturers and the merchants and the business corporations of Illinois. Every house is affected."

"A general meeting of those visiting Springfield in behalf of this movement will be held at the Y. M. C. A., Capitol avenue and Seventh street, Springfield, Tuesday, March 30, at 11:30 a. m."

Labor Issues Statement.

Concurrent with the appeals of the business interests for relief, the labor organizations are asking the people of the state to consider their side of their controversy with their employees. The joint labor legislative board, composed of the State Federation of Labor, the Chicago Federation of Labor and Illinois United Mine Workers of America and many other labor organizations today issued the following statement:

"According to reports from representatives of various labor organizations, there is an interesting fight going on for and against certain railroad legislation. It is said that a few weeks ago the railroad company officials sent out blank petitions to many of their subordinate officers with instructions to have them signed by professional men, bankers and farmers. These petitions were addressed to the members of the general assembly from the respective districts in which the petitions were circulated and asked them to oppose what the petition called 'half train bills', 'extra crew bill', 'anti-double heading bills', etc., which have been or may be introduced in the present general assembly."

Say Petitioners Do Not Understand.

"The employees' legislative committee claims that many people signed these petitions without knowing just what they contained, or the value of the legislation attacked. In many cases signatures to these petitions have been alleged to have been obtained by misrepresentation as to the intention and purpose of the petition inasmuch as the terms 'half train bills' and 'extra crew bills' are misleading as there have been no such bills introduced at this session of the general assembly but probably the bills that are referred to is a bill that has been introduced in the house limiting the length of trains to fifty cars. No one with any conception as to the operation of a railroad can be made to believe that a train of fifty cars is a half train and when we stop to realize that a train of this length would be almost a half mile long. The extra crew bills which are referred to in the petition possibly relate to a bill introduced in the house which provides for the minimum number of men to be employed upon switch engines while engaged in the business of switching cars. This bill provides for five men and it is claimed by those who are familiar with this phase of the railroad work, that a less number of men than mentioned in the bill would not be giving proper protection for safety to the men employed near the general public."

"Undoubtedly many persons have signed these petitions unwittingly, and not realizing that in so doing they were joining a movement in opposition to what the public is demanding: (efficiency and safety). By opposing legislation that would better the service to the shipper and merchant as well as assisting railroad employees in their occupation. Of course persons who sign these petitions can rectify the error by writing to the members of the legislature. The people favoring these bills claim that the long trains are a constant source of danger to the employee as well as to the public inasmuch as it prevents quick and certain communication between the engine and caboose, by making it impossible to readily detect broken equipment, hot boxes or defect de-

railed cars in the middle of the train and by making it impossible for crews to make a thorough inspection of these long trains while making brief stops for coal and water."

"Long Trains Dangerous."

"Long trains also are a source of inconvenience and danger to the public inasmuch as they block the street crossing in our various cities for a great length of time, causing delay to the pedestrians upon our streets and have in many instances held up fire departments while responding to an alarm, as well as delaying doctors responding to a call. Many of our cities and villages have passed resolutions through their city councils protesting against this source of danger and asking for relief through legislation by regulating the length of trains."

"The railroad employees organizations are making earnest efforts to promote legislation that will tend to make more safe their hazardous occupation and which will at the same time be a benefit to the general public and particularly to the shipper for a shorter train will mean quicker movements of freight. It will reduce the congestion in the yards which is being caused by holding cars in yards from twelve to thirty-six hours for the purpose of filling out these excessive long trains. A shorter train has been advocated by many who have studied this phase of the transportation question and at the present time this movement has the endorsement of many cities in this state as well as the support of all laboring people who are representing through a joint labor legislative board at Springfield, which is composed of the following organizations and represents over six hundred thousand (600,000) working men and women. This is perhaps the largest organization of its kind of any state in the union and the results of this organization is being closely watched by thousands of people all over this country."

"The joint labor legislative board is composed of the State Federation of Labor; Illinois United Mine Workers of America; Chicago Federation of Labor; Brotherhood of Locomotive Engineers; Brotherhood of Locomotive Firemen and Engineers; Brotherhood of Railroad Trainmen; Order of Railway Conductors; Switchmen's Union of North America; Farmers' Educational and Co-operative Union of America; State Teachers' Association; Chicago Teachers' Association; Woman's Trade Union League; International Union of Steam and Operating Engineers; International Journeymen Horseshoers Union."

EUROPEAN WAR NOTES

Rome, (2:35 p. m.)—Via Paris, (5 p. m.)—Meh. 27.—The Observatore Romano, the Vatican organ, published an official statement today denying that any negotiations had taken place or that an accord existed between the Holy See and the Italian government regarding the position in case of war of the diplomatic body accredited to the Vatican.

Paris, via London, March 27.—(11:15 p. m.)—The following official statement was issued by the war office tonight:

"The day passed quietly all along the front the enemy showing no activity. A German aeroplane which had thrown a bomb in the region of Badonviller, was brought down by us. The pilot and observer were captured."

Vienna, via London, March 27.—(9:45 p. m.)—The following Austrian official statement was issued here tonight:

"Russian attacks with strong new forces on the Carpathian front have miscarried and the enemy suffered severe losses."

"In the hills near Benyavolcz on both sides of the Latorca valley, south of Labotzrev, very violent fighting continues."

"In Bukovina northeast of Czernowitz, our troops after a violent engagement repelled superior Russian forces, driving them back to the frontier. We took several villages and captured over one thousand prisoners and two guns."

"In Russian Poland and in western Galicia there is no change."

London, March 27.—(10:05 p. m.)—The Stockholm correspondent of Reuters' Telegram company in a despatch concerning the three German steamers reported sunk in the Baltic says:

"The Bavaria encountered a violent snow storm and probably was wrecked. The Koenigsburg struck a mine on the Pomeranian coast sometime ago. The Germania was last reported at Swinemunde and probably is now safe at some German port."

Petrograd, via London, March 27.—(11:40 p. m.)—The following official statement from General Headquarters was issued tonight:

"West of the middle Niemen on the right bank of the Narva and on the left bank of the Vistula, there has been no essential change in the situation. In the Carpathians, we have made considerable progress in the direction of Bartfeld. The Austrians in falling back set fire to the village of Zborov."

"In the direction of Balgrad we have carried a fortified height east of Ravaljetz. Near Ruskobdivna and Kozienka we successfully repelled important forces of the enemy. During the course of the day we made prisoners of about 2,500 Austrian soldiers, besides forty officers and we captured seven machine guns."

"In eastern Galicia we drove back a battalion which crossed the Dunester near Jozava, inflicting heavy losses."

EXPRESS BELIEF THAT CRUISER PRINZ EITEL WILL BE INTERNED

No One in Authority Will Discuss the Ship's Status—Believe Thierichens Will Wait Out Time Limit.

Washington, March 27.—The German commerce destroyer, Prinz Eitel Friedrich will be interned at Newport News by order of the Washington government within a few days, according to opinions expressed here tonight in official quarters. No one in authority however would discuss the ship's status.

There was little doubt that a time limit for the making of repairs to the Eitel had been set by the government and that the limit is close to expiration. When the period granted shall expire Commander Thierichens of the Eitel will be formally notified that he must either put to sea within twenty-four hours or his ship and crew will be interned for the war. The German captain could appeal for time to make further repairs but this only would be granted, it is thought, on a new and unexpected showing as to the unseaworthiness of his vessel.

It appeared to be the general opinion that Commander Thierichens would not ask that his ship be interned but would wait out his time limit and compel the government to act.

NOBLE FIRED TO WAIT ON CARUSO

New York, March 27.—Emilio Silenzi Roessler, said to be the eldest son of the Duke of Silenzi of Genoa, must again face the stern mandates of Uncle Sam's law on Monday. He is accused of smuggling gloves into this country. The young nobleman was released from the Tombs last month so that he could wait on Caruso on a voyage to sunny Italy. United States Commissioner Houghton paroled him until next Monday, in the custody of Purser Lombardi of the steamship, Duc d'Aosta, which was then sailing with the famous singer aboard. The purser explained at that time that the young nobleman had acquired great expertness as a waiter, and that no other would do sufficient honor to the great Caruso.

DELIVER US

From all the woe and sorrow that bloody warfare brings, when monarchs start to borrow some grief from other kings, from dreadful scenes of slaughter, and dead men by the cord, from blood that flows like water, deliver us, O Lord! From fear and melancholy that every death list gives, from all the pompous folly in which an army lives from all the strife steeped, that brings no sane reward, but only loss tremendous, deliver us, O Lord! From seeing friend and neighbor in tools of death arrayed, deserting useful labor to wield the thirsty blade; from seeing plowshares lying all rusty on the sward, where men and boys are dying, deliver us, O Lord! From seeing foreign legions invade our peaceful shore, and turn these smiling regions to scenes of death and gore, from all the desolation the gods of war accord to every fighting nation, deliver us, O Lord.

MILLIONAIRES IN DESPERATE STRAITS TO SAVE HOLDINGS

Closing of First National Bank Involved Financial Wrecks—Money Men to Rush Legislation.

Uniontown, Pa., March 27.—The fortunes of fifteen millionaires involved in the financial wreck caused by the closing of the First National Bank are in serious danger, as the result of a court ruling. As a climax to the sensational exposure of the bank's affairs and those of Josiah V. Thompson, its president, with its train of other failures of millionaires interested with him in big coal and oil land investments, the decision last week of the Supreme Court that holders of mortgages may foreclose them struck a deep and hard blow at the local financiers. The only measure of relief in sight is the bill introduced in the legislature by Senator Crow, empowering the courts to take hold of the affairs of persons in financial difficulties in order that real and personal holdings shall not be sacrificed at prices below their real value.

Ever since the First National Bank of Uniontown closed its doors on January 18, dark clouds have hung over the situation here. First came the accusation by the Comptroller of the Currency that the bank was conspicuously a one-man bank; and that at one time it had loaned to Thompson \$1,347,000, or more than one half of the entire deposits of the bank, and that the Washington treasury officials had forced the bank to reduce this amount until, when the bank failed, Thompson's loans on his direct paper and endorsements were only \$100,000.

Then came the charges that Thompson was the victim of secret enemies of Wall Street and Pittsburgh, who were trying to wreck his plans so that they might gain control of valuable holdings and options on coal and oil lands. Thompson's friends maintained that there was "underneath" work. A "mysterious hand" has played a big part in blocking coal deals in which Thompson hopes to recoup his fallen fortunes and relieve the friends who were involved in financial distress with him, according to the Thompson interests.

It is said that a prominent steel man has come to Thompson's aid at a critical time, and that before the month is out an arrangement will be made by which the situation will be relieved without the wrecking of the big plans made by the financiers before the smash came.

It is said that Thompson is the head of a \$70,000,000 syndicate which controls an immense acreage of soft coal lands. When his bank blew up, he could easily have liquidated at a slight sacrifice, but the bigger plan would have been lost. He called upon his friends to stand by him. It was pointed out at the time that the Fricks and McHons of Pittsburgh, together with big bankers there, were interested in downing Thompson and his syndicate. Thompson and his associates charged these Pittsburgh interests with working against him in order to force him to sell his holdings at a sacrifice. Within a week of the date of the bank crash, Frick and his associates offered Thompson \$18,000,000 flat for 50,000 acres of the choicest undeveloped coal lands in Greene county, and delivered an ultimatum giving Thompson twenty-four hours to accept or all negotiations and future deals were off.

The situation which has developed within the past week, due to the court decision in the case of J. N. Galey against Col. J. M. Guffey, places in jeopardy the immense holdings of Thompson and his friends, unless they are able to stay off impending proceedings in the courts. The fortunes of all the local millionaires are indeed endangered. If the Pittsburghers who hold the controlling shares of the defunct First National Bank want to take them from Thompson they must ask the court for permission, but in view of the Guffey decision, the courts have no alternative but grant the right to take the collateral.

Meanwhile, it is said that Thompson believes he can clear the entire situation in a few weeks, if he can ward off the creditors from foreclosing before that time. It is also said that his coal holdings will be underwritten by a syndicate, and that Thompson is to get immediately enough money to clear his obligations and reopen his bank.

IN MEMORIAM
In loving memory of Mrs. Catharine Henderson Conover, who passed from this earth Wednesday evening:

A precious one from us has gone,
A voice we loved is stilled,
A place is vacant in our home,
Which never can be filled.

God in His wisdom has recalled,
The boon His love has given;
And though the body slumbers here
The soul is safe in Heaven.

Call not back the Dear Departed,
Anchored safe where storms are o'er,
On the border land we left here,
Soon to meet and part no more.

When we leave this world of changes
When we leave this world of care
We shall find our missing loved one
In our Father's Mansion fair.

We weep for her, no tender wife
E'er made man's fireside bright,
No more devoted mother love
E'er kept home after fires alight.

And she is with the Angel host
With sinless heart and stainless hand,
Waiting to meet the friends to come;
To that bright and happy land.

Earth has lost its look of gladness,
Heaven seems to us more bright,
Since the spirit of our loved ones
Took their happy homeward flight.

And we long to cross the river,
Long to rest upon that shore,
There to see and know and love them,
With their Savior ever more.

A Friend.

In memory of the little daughter of Mr. and Mrs. John M. Henderson, Frances Kathryn who passed away Tuesday, last:

The little crib is empty now,
The little clothes laid by,
A mother's hope, a father's joy
In death's cold arm doth lie.

Go little pilgrim to thy home
In yonder blissful shore,
We miss thee here, but soon will come
Where thou hast gone before.

Another little lamb has gone,
To dwell with him who gave
Another little darling babe,
Is sheltered in the grave.

God needed one more angel child,
Amidst his shining band,
And so he bent with loving smile,
And clasped our darling's hand.

A Friend.

Face Eruptions Have Deep Significance

Often They Indicate Impurities Deep in the Tissues.

The results shown by S. S. S. in clearing the skin reveal how searchingly and how deeply this famous blood purifier attacks blood troubles. Facial eruptions are more often significant of impaired nutrition resulting from faulty elimination of body wastes. Most people realize this to be true. And yet it is a difficult matter to convince such people they should avoid those harmful drugs such as mercury, iodide of potash, arsenic and so on. S. S. S. gives just as good effect without the destructive results, because it is more searching. It goes deeply into the circulation wherever the blood flows, but it does not remain to clog the system. And its effect is complete and thorough as indicated by blood tests. One of the strange things today is that so many people are wedded to the notion that mercury is the one antidote. It is not so. There is in S. S. S. a product of nature that is rated one of the most potent principles known for the complete elimination of blood troubles.

Wherever you go there are people who know this to be true from their own experience, for it has been clearly shown there is one ingredient in S. S. S. as essential to health if the blood be impure as the nourishing elements of the grains, sugars and salts of our daily food. Get a bottle of S. S. S. today of any druggist, but insist upon S. S. S. accept no substitute. And if your case is peculiar or of long standing, write to the Medical Adviser, The Swift Specific Co., 101 Swift Bldg., Atlanta, Ga.

FORMER CITIZEN PRAISED.

The New York Clipper, the oldest theatrical magazine in America, has just issued its Spring annual, and among its most interesting and valuable contributions is one upon Minstrelsy by Frank Dumont, one of the few survivors of the hey-day of that institution. In the course of his article, which by the way should be placed in the archives of literature pertaining to the development of the stage in America, he has the following to say of "Frank Howard", the stage name of J. F. Martindale, well and favorably remembered in Jacksonville as one time manager of the Grand Opera House: "Frank Howard, one of the most popular composers and singers, was a feature with the minstrel troupes which were fortunate enough to secure his services. 'When the Robins Nest Again', 'Only a Pansy Blossom', 'Sweet Alpine Roses', 'I'll Wait My Love', were his best known ballads. He died at the home of his childhood, Greely, Iowa, early in December, 1914. Like many another he broke into the minstrel business with Happy Cal Wagner and then sang with the best troupes in the burnt cork line, including Barlow, Wilson, Primrose & West, McNish, Johnson & Slavin, and Cleveland's Minstrels, writing songs at frequent intervals. In ten years from 1880 to 1890 his compositions netted him over \$250,000. Then he married and settled down on a stock farm, but misfortune followed all his enterprises, lightning struck his stock barn in Dakota and killed sixty head of fine horses and fourteen head of registered Jersey cattle, and he quit country life. For a number of years he managed a theatre at Jacksonville, Ill. Later he toured with several dramatic companies singing his favorite ballads and sweetening between the acts as a feature. This article of Mr. Dumont's contains a vast amount of information that will be of great interest to all old time followers of the theatre and should be read by all of them. The spring annual is a most admirable production and highly valuable to the student of theatricals.

CHOOSING SEED CORN.

J. A. Groves in discussing the question of seed corn, said that it is important for the grower to consider the uses to which the corn is to be put. In other words, some corn has a larger percentage of those elements which will put on animal fat than is true of other varieties. In a bushel of shelled corn, which weighs 56 pounds, there are normally 45 pounds of carbohydrates and 6 pounds of protein. The amount of oil is 2 3-4 pounds and crude materials 1 1-2 pounds, with 3-4 of a pound of ash or mineral substance. The farmer hereabouts who expects to use his corn for fattening live stock will do well to choose a kind that he knows has a large percentage of ingredients which will make for animal fat.

Tracy Alexander of Chicago is in the city, a guest of William Allcott, and will spend several days in Jacksonville and Springfield before returning to his home. Mr. Alexander recently returned from a month's stay in Florida.

JOHNSON AND WILLARD WILL BATTLE FOR CHAMPIONSHIP MONDAY, APRIL 5

NEGRO HAS NEVER FACED AN OPPONENT OF THE PHYSICAL PROPORTIONS OF WILLARD

White Man Has Advantage in Weight, Height and Reach and Is Ten Years Younger Than Champion—Johnson Has Learned Every Trick in Boxing Known in Expert Ring Strategy.

NEW YORK, March 27.—For the fourth time since he won the heavy-weight championship from Jim Jeffries in 1910, Jack Johnson will defend his pugilistic championship title at Havana, Cuba, Monday, April 5. On that date Jess Willard, the most formidable among the white aspirants for the world's premier ring honor, will meet the negro in what is scheduled as a forty-five round battle for the championship. In his long career as a pugilist, Johnson has never faced an opponent of the huge physical proportions of Willard. Because of this advantage in weight, height and reach, as well as the ten years difference in their ages, the followers of Willard hope to see his youth and endurance triumph over the superior boxing skill and ring experience of the champion. It is this meeting between the master pugilist and gigantic novice that lends interest and uncertainty to the battle. Willard, short of his physical advantages, would be but a mankin in the hands of the negro who has learned every trick of boxing known in expert ring strategy during his many years in the squared circle.

Defeats Jeanette and Langford. Although Johnson's ring career antedates the present century by a few months his prowess as a fighter did not bring him into prominence in the heavy-weight division until ten years ago and then his standing did not give much promise of championship possibilities. At that time he began meeting men of his own color such as Sam McVey, Joe Jeannette, Black Bill, Walter Johnson and others who he defeated, in several instances decisively. His two winning battles with Joe Jeannette at Baltimore and Sam Langford at Chelsea, Mass., in 1906 however, demonstrated that he would have to be reckoned with by the best of the fighters, white or colored, with championship pretensions in the heavy-weight class.

At that time Jeffries had retired from the ring, having handed the title to Marvin Hart. Tommy Burns by defeating the latter and also Jack O'Brien, who claimed the championship, assumed the world's title in 1907. Johnson meanwhile was plodding along, incidentally knocking out Felix and Lang in Australia and ending the come back propensities of Bob Fitzsimmons in two rounds at Philadelphia and an eleven-round knockout of Jim Flynn at San Francisco the same year—1907. In December 1908 Johnson had the better of Tommy Burns at Sydney, Australia, when the police stopped the bout in the fourteenth round. This placed the big Galveston negro right at the top of his class and while no one was willing to recognize him as the world's title holder, Johnson went right on fighting successfully, finishing up with the knockout of the late Stanley Ketchel in twelve rounds at Colma, Cal., on Oct. 6, 1909.

Wins Decisive Victory. It was then that the negro's pronounced ability and recognized cleverness stung Jeffries into action. The big Californian's self-enforced retirement ended abruptly and Jeffries re-entered the fight arena to again defend the title. This seemed to suit Johnson perfectly and the great match for the world's championship was quickly arranged with the result that Johnson scored a decisive victory over Jeffries, at Reno, July 4, 1910. From that time to the present Johnson has been

called upon only three times to defend the title. His fight with Jim Flynn at Las Vegas, New Mexico, was stopped in the ninth round by the authorities and Johnson was declared the winner. In Paris, France the bout between the champion and Battling Jim Johnson, was called a draw and last year he gained the referee's decision over Frank Moran in a twenty round bout which also took place in the French capital.

Willard a Giant in Stature. Jess Willard, who was born in Pottawatomie County, Kansas, twenty eight years ago is a giant in stature, standing fully 6 feet 6 inches, without shoes, and when in good condition for a bout, turns to scale at 235 pounds. Four years ago he was first seen in a ring fight when he lost on a foul to Louis Fink in the tenth round of a bout at Sapulpa, Okla., but within six weeks from that time he knocked out Fink in three rounds at Oklahoma City. He followed up with five knockouts and two ten-round winning brackets, on points, during his first year of fighting in public, 1911.

Five knockouts and two no-decision contests gave him a clear record for 1912. The two no-decision bouts were with Arthur Pelky and Luther McCarthy in New York City and in each Willard had the better of his opponents. The big Kansan also scored two of his five knockouts in the East at New York and Buffalo his victims being Soldier Kearns and Sailor White. Out of eleven fights which he took part in during 1912, lost only one. This was to "Gumbo" Smith in twenty-rounds at San Francisco. Smith was the best man that Willard has met in his ring career, with the possible exception of Carl Morris whom he defeated in a ten-round go at New York. Last year Willard met Tom McMahon in a ten-round no-decision bout and scored knockouts over Dan Dailey in nine rounds at Buffalo and George Roudel in six rounds at Atlanta, Ga.

Is Most Formidable Opponent. Willard's powers of endurance are unquestioned but he lacks aggressiveness and skill. These disadvantages, however, may have been remedied by strict attention to the coaching of his handlers and what he has learned from his sparring partners in training. He has three distinct advantages over Johnson in youth, height and reach, the possession of which, combined with a splendid constitution make Willard the most formidable opponent that has been matched against Johnson during his entire career in the prize ring.

The following table shows the relative measurements of the champion and challenger.

	Johnson	Willard
age	28	28
weight	235	235
height	6ft. 4 in.	6ft. 6 in.
reach	83 1/2 in.	84 in.
neck	17 1/2 in.	17 1/2 in.
biceps	16 in.	16 in.
wrist	8 1/2 in.	8 1/2 in.
forearm	15 in.	15 in.
chest (nude)	44 1/2 in.	44 1/2 in.
do (ext)	47 in.	47 in.
waist	26 in.	26 in.
thigh	17 in.	17 in.
calf	15 in.	15 in.
ankle	19 in.	19 in.

*These measurements of the champion were made just before Johnson met Jim Flynn at Las Vegas, N. M., July 4, 1912.

BATTLE IS POSTPONED TO MONDAY, APRIL 5.

Change in Date is Due to Great Pressure Brought to Bear Upon Government Officials—Sales and Reservations Now Amount to \$55,000.

Havana, March 27.—Havana was engrossed today in discussion of the big fight to be staged here on Monday, April 5th, when Jack Johnson will defend his title as heavy-weight champion against Jess Willard. It was reminiscent of the scenes in Reno, five years ago before the battle in which Johnson lowered the colors of Jim Jeffries and thereby established his right to the heavy-weight title.

Announce Postponement. There were countless rumors and reports following a mid-night conference of all those concerned in the fight and then came the announcement of the postponement of the battle to Monday, Sunday having been set as the date originally.

The postponement was due to the great pressure brought to bear upon the government officials by many people who declared that to hold the fight on April 4th, would be to desecrate Easter Sunday. There was a surprising sentiment in Cuba against the holding of the fight on Sunday despite the fact that the first day of the week is a general holiday on the island. Objection also was raised by influential persons in the United States. William E. Gonzales, minister from the United States to Cuba, and President Menocal of Cuba received some six hundred cable despatches and telegrams protesting against the holding of the fight on Easter day.

Eagerly Second Idea. President Menocal decided to intercede and requested the promoters to select another date. Both Willard and Johnson eagerly seconded the idea of postponing the battle. The pugilists exhibited many letters from fight fans requesting a postponement from Sunday to a week day. Some influential merchants opposed the change on the ground that it would upset their business but they were overruled.

Reciprocating for the change made in the date by the promoters, General Rafael Montalvo, acting minister of the interior proclaimed April 5th, as a holiday after 11 a. m. for all government employees to select another date. FEDERALS PREPARE PLAYING SCHEDULE

OWNERS SATISFIED WITH RESULT OF LABORS.

Season Will Open April 10 With Buffalo at Brooklyn, Newark at Baltimore, St. Louis at Chicago, and Pittsburgh at Kansas City.

New York, March 27.—Having spent the greater part of today in two sessions and concluding with another which lasted to a late hour tonight the Federal League club owners expressed themselves as satisfied with the result of their labors in preparing a playing schedule for the coming season. Two schedules had been submitted early in the day but each was found to be unsuitable and many changes were suggested before a third one was arranged to the satisfaction of all the clubs.

That the season will open on April 10th, with Buffalo playing at Brooklyn, Newark at Baltimore, St. Louis at Chicago and Pittsburgh at Kansas City was the only positive statement made by any of the officials tonight. Early in the day President Gilmore said that Manager Phillips would be retained by the Newark club and that George Scovall would still remain at Kansas City as manager of the team in that city.

Harry Sinclair and P. T. Powers of the Newark club expressed themselves as pleased with the outcome of the interrupted deal and the subsequent substitution of the Indianapolis for the Kansas City team and the New Jersey team. Both of them made a great fight to retain Outfielder Kauff on their team, but after explanations had been made as a prior claim of the Brooklyn club owners to the player, they accepted the league's judgment.

While Outfielder Vincent Campbell has not signed to play word was received today that he would report at the Newark training camp near Valdosta, Ga., in a day or two.

It has been figured out by some patient calculator that the National league baseball clubs will travel 33,593 miles during the regular league season this year.

WORLD'S MARKET NEWS

BEARS RULE WHEAT PIT THE GREATER PART OF SESSION

Rally Caused by Indications of Con-
siderable Export Business Is
Shortlived—Close Is Weak at a
Net Decline.

Chicago, March 27.—Notwith-
standing indications that consid-
erable export business was being
done under cover bears ruled wheat
today the greater part of the time.
Intervention by Italy and other
heretofore neutral powers seemed
to have approached a little closer
and the market finished nervous at
1 1/2 to 1 3/4 net decline. Other sta-
ples too, all showed losses, corn 3/4
to 1/2 @ 3/4, oats a shade to 1/4 and
provisions 5c to 15c.

It was authoritatively announced
that substantial sales of wheat for
export, either cash or futures and
almost entirely spring wheat had
been going on for a number of days
back and was again in progress to-
day. This information had much to
do with a strong rally after an early
setback that was due to lower
prices at Liverpool. The advance
however brought out increased sell-
ing, which seemed to hinge for the
most part on the character of cable
advices relatively to impending
favorable action by Balkan states
and by Italy.

ACCUSED CALIFORNIAN

WILL PLEAD MONDAY

Seven Men Involved in Alleged Plot For Mexican Invasion To Have Hearing.

Los Angeles, Cal., March 27.—Monday next is the day assigned in the Federal District Court for the pleas of the seven men involved in the alleged conspiracy to send armed forces into the Mexican territory of Lower California. The men indicted by the Federal Grand Jury on February 19 are:

Harry Chandler, a newspaper man son in law of Harrison Gray Otis. He is a millionaire, and owns extensive land tracts on both sides of the Mexican border.

Walter Bowker, manager of the California-Mexico Land and Cattle Company ranch on the border.

Baltazar Aviles, former Governor of Lower California, in Mexico.

B. J. Viljoen, a former Boer army commander.

Charles Guzman, a real estate agent.

Geronimo Sandoval of San Diego, Francisco Ayon.

In the indictment, the government makes the following charges against the seven men: That on December 1, 1914, the indicted men conspired to commit the offense of hiring and retaining others to go into Lower California as soldiers. On December 10, it is charged, Aviles employed Manuel Brassel and J. N. Fernandez to go from San Diego to El Centro, where they arranged a place to collect arms and ammunition and a rendezvous for soldiers. That Aviles, Viljoen and Chandler met in Los Angeles on December 15, and discussed plans for the purchase of arms and equipment. That on Dec. 10, Aviles hired Pedro Martinez at San Diego to go into Mexico as a soldier at 50 cents a day and that Martinez was paid for 14 days.

It is alleged that Aviles, who was to organize and conduct the expedition, was financed by Chandler. That latter admitted that Aviles had received some money from his land company, but asserted that the sums paid were in settlement of taxes paid to Aviles as an accredited officer of Lower California.

Aviles was driven out of Lower California by Col. Esteban Cantu, said to be an adherent of the Huerta regime. Cantu is now in command of an independent force at Mexicali, the port nearest the ranch holdings of Chandler's company. He is said to have been collecting export duties on cattle amounting to \$20 a head. In return for aiding the armed expedition, declare agents of the Department of Justice, certain cattle companies were to be allowed to bring cattle in and out of Mexican territory without payment of export or import duties.

Chandler denies that he ever discussed with Aviles or his associates any of the subjects mentioned in the indictment. He declared there had been no violation of the neutrality laws that he knew of.

It has been claimed by Carranza adherents that a conspiracy of wider scope, involving many prominent citizens of the United States, has been organized to overthrow not only the present authorities in Lower California, but the overthrow of Carranza throughout Mexico, and the setting up of some other Mexican leader more amenable to the wishes of Americans who are heavily interested financially in the Mexican republic.

TO PLANT JAP

COLONY IN BRAZIL.

New York, March 27.—After two years of close study of Brazilian climate and resources, the Japanese government has granted recognition to the plan for establishing a Japanese colony at San Paulo, Brazil. Toki Kawada, a prominent Japanese business man is acting for the colonizing company, and is now leaving for Brazil to make final decision on the plan and the course of procedure. Japanese scientists have been investigating conditions in Brazil for the past two years. Tests of the soils have been made, the dangers from disease, and the effect of the climate have been noted, and San Paulo has been selected as an ideal place for the Japanese settlement.

CONSERVATORY NOTES.

The Conservatory Trio, Messrs. Kirch, Munger and Jensen, will play at the State Hospital for the Insane on Easter Sunday, April 4th. Dean Cochran will play a violin solo as well as an Oblato for Mrs. Wilson's vocal solo at the Congregational church on Sunday, March 28th.

At the play given by Gamma Delta at the David Prince school Saturday evening, March 27th, the music will be furnished by Earl Briscoe, Byron Carpenter, Harold Dunlap, Karl Hill and Mr. Paul Morrison.

The Evening of Folk Games, given last Thursday even in Recital hall, under Miss Phillips' direction, was well attended, and proved to be a most entertaining program. The children entered into their parts with evident enjoyment and the young ladies who assisted with vocal solos and duets made a pleasing impression on the audience.

There will be students' recitals in recital hall next Friday afternoon and evening, April 2nd. The public is cordially invited to attend.

ILLINOIS COLLEGE NOTES.

The alumni of St. Louis and vicinity have issued invitations for their annual banquet, which is to be given at the University Club on Wednesday evening, April 7th. It is probable that President Rammelkamp will attend the banquet. About eighty invitations have been issued. The President of the St. Louis Society is Dr. E. W. McBratney '97, and the secretary is L. L. Adams, '02.

The banquet of the Morgan County Alumni Association, which has already been announced for April 10th at the new Academy Hall. Invitations for this banquet will probably soon be issued. The committee in charge consists of the President of the local Association, Dr. C. E. Black, and R. I. Dunlap, W. G. Goebel, Walter Bellatti and H. H. Bancroft.

The annual Whipple contest in declamation will be held in the chapel in the Jones building, Tuesday eve-

ning, March 30th. Eight contestants have entered and have been training faithfully under the direction of Miss Millicent Rowe. In the contest this year will appear both boys and girls. Admission is free and the public is invited.

A box of shrubs arrived on the campus Friday and have been planted about the campus under the direction of the Improvement Committee.

Rev. L. H. Davis has presented a fine portrait of Lincoln appropriately named to the History Department. The library has received several valuable books from the private library of Mr. Davis.

Rev. Mr. French will lead the meeting at the College Devotional Service on Sunday evening.

WOMAN'S COLLEGE NOTES.

The principal event of Illinois Woman's College this week was the splendid reading given by Margaret Stahl on Friday evening when she appeared in "Strongheart." Miss Stahl has a very winning personality and captivated her audience from the very beginning. At the conclusion of the reading Miss Stahl met a number of friends at an informal reception given in the society halls. This occasion was also used to formally open the splendid exhibit of paintings now being shown under the auspices of the Artists' course.

Next Monday afternoon at 4 o'clock the town students will entertain in honor of the faculty. The reception will be given in expression hall. Saturday evening the third year academy class entertained the fourth year academy class. Among the guests at the college are Mrs. Pinkston and Mrs. Bigger of Pochontas, Ark., George Johnson of Danville, Ill.; Mrs. J. W. Whitehead, of Easton and Marjorie Becker of Knoxville.

The Woman's College Guild have been active in promoting the interests of the library. Recently a number of much needed books have been purchased by the Guild and are being received by the library.

REV. W. E. SPOONTS SUCCESSFUL IN WESTERN REVIVAL.

Held Series of Meetings at Loup City, Neb., Which Were Attended By Large Audiences.

The Loup City, Neb., Northwestern, in a recent issue makes this favorable comment on the success of the revival conducted there by Rev. Walter Spoonst:

"The protracted meetings at the Presbyterian church, in charge of Rev. Walter E. Spoonst of Jacksonville, Ill., which probably closes this (Thursday) evening, have been full of life, spirit and energy, and proven Mr. Spoonst a power along spiritual lines. Personally and publicly, he has proven a live wire, and his coming has been productive of great spiritual good to the church and to christianity. Each week evening finds added numbers to those who hear him, while Sunday evenings the big church has been filled to overflowing, many being unable to find seats and the walls being lined by interested hearers, who apparently forgot the discomforts they were forced to undergo in attendance."

"Each evening, also, finds greater feeling exhibited by his hearers and at each succeeding sermon are found those who accept the call given to accept the Christ and ask for forgiveness for their sins. Should the evangelist find it possible to remain longer, we have little doubt but that the result would prove the truth of the utterance given by a man of the world upon leaving the meeting at the close of the service Monday evening, that if he were to remain ten days longer, 'he would take the town.' At the men's meeting last Sunday, perhaps 200 men were present, when he gave a history of his life, 'From Cowboy to Preacher,' being a history of his life from the cradle to the present. It is hoped by the church and the community at large that his stay may be prolonged for a number of days yet before he leaves our city."

BEVERIDGE BUYS SUMMER HOME.

Beverly, Mass., March 27.—Former Senator Albert J. Beveridge of Indiana has purchased a magnificent summer estate at Pride's Crossing, and will occupy the place this summer. The estate contains a magni-

ficent mansion which cost \$125,000 to build, a small pond, tennis courts, garages, and garden terraces. There are 25 rooms in the mansion, which stands high among fine trees, overlooking a natural pond. The house is picturesque, with its red slate roof, showing numerous gables, Elizabethan windows and ornamental features.

Stop at Garland & Co. and give our silk shirts a look. We have others.

SAFE DEPOSIT BOXES

\$3.00 PER YEAR

Less than One Cent a Day.

There are hundreds of people in this vicinity who have become accustomed to using a tin box in which to keep their valuables, who by using one of our SAFE DEPOSIT BOXES will find they are safer, strictly private and more satisfactory in every way. It requires two keys to unlock the box. The customer has one and the bank the other, which is the master key. If you should lose your key, and some one else should find it, it would do them no good, because it would require the master key, which we hold before the box could be opened.

There is no better or stronger vault in the United States, and the rate we pay on burglary insurance, which we carry, is the lowest in the country.

MASONIC GRAND LODGE WILL OBSERVE 75TH ANNIVERSARY

Harmony Lodge No. 3, A. F. & A. M. Preparing Celebration in Honor of Instituting Here in 1840—Harmony's Birthday Also.

The seventy-fifth anniversary of the Grand Masonic Lodge of Illinois, instituted in Jacksonville April 6, 1840, will be observed a week from Tuesday by Harmony lodge, No. 3, A. F. & A. M. at Masonic temple, West State street. April 6, is also the anniversary of Harmony lodge, as the charter was granted the same evening the Grand Lodge was organized and Harmony was transferred from the jurisdiction of Missouri to that of Illinois. The event took place in a hall on the third floor of the Goltra building at the southwest corner of the square, occupied below by Frank Byrns' hat store.

The Grand lodge of Illinois met in Jacksonville on several occasions after its founding, but the place of meeting was before long transferred to Springfield and later to Chicago. Grand Lodge meetings are now held in the building owned by the Chicago consistory. Abraham Jones was the first grand master and Henry Burnapp of Alton, who will in all probability attend the exercises here, is the present incumbent.

The following program which will begin at 7:30 o'clock, has been arranged by the committee, A. C. Metcalf, J. S. Hackett and C. P. Ross: America.

Prayer. Euphonium solo (selected)—J. Bart Johnson.

Local history—Brother Edward P. Kirby.

Quartet (selected)—M. L. Robinson, A. C. Metcalf, A. M. Robinson, T. H. Rapp.

Grand lodge history—M. W. Brother Owen Scott.

Address—M. W. Brother Alexander Bell.

Selection—Quartet.

Social.

Judge E. P. Kirby was master of Harmony lodge in 1862 and is the oldest living member of that body residing in Jacksonville. Owen Scott of Decatur is a past grand master, occupying that position in 1893, and Alexander Bell of Carlinville, was placed at the head of the Illinois Grand lodge in 1907. The oldest living member of Harmony lodge is A. E. Core, who several years ago removed from this city to Alabama.

Tokens of the Past.

Two of the chairs which were used when the Grand lodge was organized in 1840 and which through the years intervening have been preserved by Harmony lodge, will be given a prominent place in the lodge room the evening of the celebration. They will bear metallic plates upon which will be inscribed their date and history.

There are two Masonic bodies in the state older than Harmony lodge, Bodley lodge of Quincy and Equality lodge of Equality, Ill. Harmony lodge was founded in 1833, but there being no Grand lodge in Illinois it received a charter in the Missouri jurisdiction. For the two years passed under the Missouri Grand lodge, there remain no records and the history of Harmony does not properly begin until April 6, 1840.

Past Masters of Harmony. Stephen Dunlap was master of Harmony lodge in 1840 and John Gregory held the office the year following. George Hackett was master in 1842. In 1848 W. B. Warren occupied the chair and five years afterward Mr. Warren was created Grand Master of the state. Judge Kirby was followed in 1863 by Cyrus Mathews. On several occasions one man occupied the master's seat for several years in succession. Abram Wood, 1873-78, and Mathew Minter, 1884-89, are cases in point.

The invitation to the celebration, addressed to members of both Jacksonville lodges and all Master Masons follows: "To the worshipful masters, wardens and brethren of the constituent lodges, A. F. and A. M., of Illinois: "You are cordially invited to be present at the celebration of the seventy-fifth anniversary of the instituting of the present grand lodge A. F. and A. M. of the state of Illinois, which convened in the hall of Harmony lodge, No. 3, A. F. and A. M., April 6, 1840. All Master Masons welcome."

Berea is pretty well represented in the hospitals of the city. Miss Genevieve, daughter of Mr. and Mrs. Wesley Robertson, is at the Passavant hospital; Mrs. Norman Dewees is at Dr. Day's hospital and William Pearson is at Our Savior's hospital.

James T. Smith is seriously ill at his home southeast of the city. W. I. Brown, who has been sick for the past five months, is improving slowly.

George Holley, 719 North East street, who has been ill at Our Savior's hospital the past three weeks, returned home Saturday very much improved.

Easter Offerings at HARMONY'S: \$1.00 Silk Hose, black and colors, 95c; \$1.00 long silk gloves, 95c; Package Foster glove cleaner with \$1.25 kid gloves.

JACKSONVILLE STATE HOSPITAL SLIGHTED IN APPROPRIATIONS

Smejkal Bill Carries Inadequate Provision For Improvements Needed, Says Supt. E. L. Hill—Committee Visits Hospital.

That the Smejkal appropriation bill carries a less provision for improvements at the Jacksonville State hospital than local needs warrant, is apparent by survey of conditions here and comparison with other institutions of the state, pointed out Dr. E. L. Hill, the superintendent, in discussing the measure Saturday afternoon. The bill as introduced into the house Wednesday last carries for the Jacksonville State hospital:

For new kitchen and enlarging amusement hall \$35,000.

For railroad switch to institution \$3,000.

Elgin with slightly less and Anna, Watertown and Chester with much less attendance than the Jacksonville hospital are slated for appropriations larger by many times.

Among the worst needs at the institution here is a central dining room. Considerable expense would be saved, uniformity in food could be secured more easily and problems of administration would be generally simplified, did the legislature but see fit to provide for the Jacksonville State hospital with an eye to permanent economy.

For a railroad switch \$3,000 would be sadly inadequate, asserted the superintendent. In fact the purpose of the item seems hardly clear. It is understood that the state board officials have conferred with officials of both the Wabash and the C. & A., and Supt. Hill was inclined to think that it is the purpose to have the railroads "come across" for most of the expense. A railroad spur to the institution would be a big money saver for the state, the superintendent said, but with so small a provision hope is small for such an improvement at present. Facilities for the care and handling of coal are in need of great improvement, also.

The needs of the hospital were considered in more or less detail by the Jacksonville sub-committee, which visited the city Thursday and inspected all the state institutions. The sub-committee consists of Edward L. Merritt, Springfield, Thomas Boyer of Chicago, 4th district; and William Burres of Champaign. At the state hospital the legislators gave the subject of improvements careful consideration and it is the hope here that the Smejkal bill may be so amended as to give the local hospital a square deal.

JOHN NOONAN BUYS OVERLAND COUPE R. T. Cassell has sold to Mr. John Noonan, a handsome Overland coupe. Car was delivered Saturday.

BIG SHOW COMES MONDAY

The attraction at the Grand Monday night is known as "A Topsy Turvy Honeymoon" and it's varied array of talent is headed by Beulah Benton, the talented and popular prima donna comedienne.

William West has written a real story with a real plot that is brimming over with humor in every situation and throughout its entire dialogue.

Prominent among the list of fun-makers of "A Topsy Turvy Honeymoon" is Dax Dorman, the droll German comedian; the Dinsmore Sisters, in character songs; Babe Kelly, the peerless soubrette in songs, soft and hard-shoe dances; the Belmont Quartette and Billy West, who gives a life-like imitation of his uncle and sponsor, George Primrose. Mr. West was a member of the Primrose and Dockstader Minstrels and has frequently been called on to take his uncle's place in the performance and accomplished the task substitution without being detected.

Added to this array of talent is the American Beauty chorus of pretty and shapely girls who can both sing and dance.

L. F. O'Donnell delivered to Mr. and Mrs. F. J. Andrews Saturday their new Detroit Electric car with all the latest improvements.

SPECIAL NOTICE I will serve business men's lunch from 11 a. m. to 3 p. m. each day. J. D. Benson's Cafe, 28 N. Side Street.
